

REQUEST FOR PROPOSALS

The City of Corinth is requesting Statements of Qualifications from qualified professional engineering firms to prepare plans, specifications, estimates, bid documents and contract documents for the City's Federal Emergency Management Agency (FEMA) grant for repairs to the storm culvert that extends from Ross Street to Cass Street in the City of Corinth. The project involves the replacement of twenty-five (25) sections of 117-inch x 79-inch arch CMP of varying lengths totaling 1,624 linear feet more or less within the existing footprint. The scope of service will also include a geo-tech study of the project area(s) to determine the suitability of existing soils for re-use as bedding or backfill material. Construction engineering services will be covered under a separate contract. Those desiring consideration must prepare and submit a Statement of Qualifications that addresses all of the following evaluation criteria:

- Engineering experience and technical expertise - (25 points)

- Recent experience with projects involving federal funding - (25 points)

- Availability of qualified engineering and technical personnel - (25 points)

- Schedule of time from execution of contract to advertising for bids - (25 points)

Proposals shall be reviewed by a selection committee using the above criteria and point factors. Contract negotiations shall be initiated with the qualified engineering firm whose proposal is determined to be most advantageous to the City, based on the above criteria. The City reserves the right to negotiate with more than one qualified engineering firm and also to cancel all proceedings and begin a new process of soliciting proposals. In order to be considered qualified proposals must be received by 2:00 p.m., August 26, 2020. Proposals must be addressed to the City of Corinth, 300 Childs Street, Corinth, MS 38834 and marked on the outside as "Proposal for Engineering Services – Storm Culvert, Ross Street to Cass Street". Information concerning the proposals may be obtained from the above address and by calling 662-286-6644.

Tommy Irwin, Mayor
